

★ **A little about myself:**

★ I am so excited to introduce myself as your child's Preschool
★ Teacher! My name is Nicole Paz. I have a B.A in Psychology
★ from Kean University and am currently pursuing a Master's
★ degree in Education. I have been a substitute teacher for a
★ year and developed a passion for teaching and working with
★ children. This is why I decided it was time for a classroom of
★ my own! When described by family and friends, I am told I am
★ charismatic, empathetic, and patient. I look forward to
★ applying these qualities to work alongside your child to
★ promote the best culture for learning and respect in our
★ classroom!

★ **A few fun facts about me:**

- ★ -I am from Cali, Colombia, and am fluent in English and Spanish.
- ★ -I have 3 cats: Tigger, Layla, and Gizmo
- ★ -My hobbies include painting, hiking, and traveling. I am also a huge coffee and food enthusiast!

★ Communication is key in my classroom, and I would love to get to know any individual
★ needs or information about your child that you feel would be useful for me as their new
★ teacher. As we embark on this new school year, please feel free to contact me with any
★ questions or concerns you may have. This way we can work together to make this school
★ year a memorable and a one-of-a-kind experience for your child!

★ **I make learning fun by:**

★ Engaging students as much as possible! My philosophy for education is to focus on the
★ whole child. In our classroom, we sing songs, play games, do arts and crafts, and dance as a
★ way of educationally and interactively motivating our students to learn.
